Agenda

Date and time of the event:

Tuesday, September 15th 2024, 11:00 – 14:30 hours

Venue:

Congress hall at the Bjelovar Fair, Gudovačka ul. 1D, Gudovac

On 15th of September 2024 a workshop for the local community was organized in Gudovac. The AGFORWEB project was presented by a lecture held by Vladimir Margeta from the Faculty of Agrobiotechnical Sciences Osijek. At the workshop 26 participants from family farms and governmental institutions were present. Promotional material was handed together with the questionnaire to all of the participants.

lecture:

'Agroforestry in practice: representative examples of agroforestry in Croatia', Vladimir Margeta

The aim of the lecture was to introduce the participants to the basics of agroforestry, to answer the question of what agroforestry is, what are the most common types of agroforestry in Croatia, and what representative examples can be seen in the Croatia. 3 types of agroforestry are presented:

silvo-pastoral, silvo-arable and forest farming, and for each type a few of the most important examples that were found in the Croatia during field visits as part of the work on the AGFORWEB project were selected.

The lecture lasted 2 x 45 minutes, with 45 minutes of questions and discussion.

During the workshop, the questionnaire was handed to the participants and 21 questionnaires were completed for evaluation. The workshop was part of the Meeting of sheep and goat breeders organized by the Croatian Agency for Agriculture and Food.

The information on this event is available on the project official website <https://agforweb.org/>
