AGENDA

Guest lecture

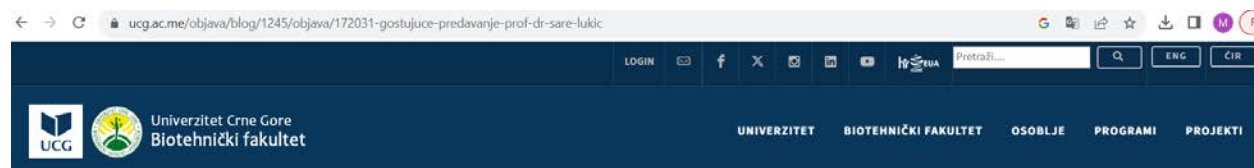

University of Montenegro – Biotechnical Faculty

Friday 01st December 2023

14:00 – 14:45 h Prof.dr Sara Lukić – Potential of protective forest belts in climate changes/Potencijal zaštitnih šumskih pojaseva u borbi protiv klimatskih promjena

The third guest lecture of the project *Agroforestry practices on West Balkan: weaknesses and strengths* – AGFORWEB was held on Friday 01st December 2023 at University of Montenegro – Biotechnical Faculty. Topic of the lecture was: Potential of protective forest belts in climate changes. The lecturer was prof. Dr. Lukić from the Faculty of Forestry, University of Belgrade. The information on the guest lecture was posted on the official website of the University of Montenegro.

Gostujuće predavanje prof. dr Sare Lukić

Prof. dr Sara Lukić sa Šumarskog fakulteta, Univerziteta u Beogradu će u petak, 01.12.2023. godine u prostorijama Biotehničkog fakulteta u Podgorici, održati predavanje na temu: **Potencijal zaštitnih šumskih pojaseva u borbi protiv klimatskih promjena.**

Ovo predavanje je dio aktivnosti projekta: „Prakse agrošumarstva na Zapadnom Balkanu za održivi razvoj, slabosti i prednosti“ (Agroforestry practices in West Balkan for sustainable development: weaknesses and strengths – AGFORWEB). Projekat je odobren za finansiranje u okviru Erasmus + proziva: KA220 - HED – saradnja u visokom obrazovanju (Cooperation partnerships in higher education).

Predavanje će se održati u Sali A4 sa početkom u 14.00 časova.

In addition to the representatives of the partner institution on the project - the University of Montenegro - Biotechnical faculty (UOM), the lecture was also attended by undergraduate students and students of master study programs. A total of 24 participants were present. The list of attendees is attached below.

The lecture started at 14:00. Prof. dr. sc. Sara Lukić presented this very current topic through not only theoretical postulates but also numerous examples of practice in Serbia. The presentation was followed by a discussion. The students of the master's program showed a special interest in the topic.

The lecture ended with questions and discussion at 15:00
