

Report on Guest lecture (Dr. Jelena Lazarević)

Osijek, November 7th, 2024

Project information

Project title	Agroforestry practices in West Balkan for sustainable development: weaknesses and strengths
Project acronym	AGFORWEB
Project reference number	2022-1-RS01-KA220-HED-000089900
Coordinator	University of Belgrade
Project start date	December 1, 2022
Project duration	24 months

Document control sheet

Title of the Work Package	WP3 Development
Title of Deliverable	Report on guest lecture
Institution(s) and Author/s of the deliverable	Faculty of Agrobiotechnical Sciences Osijek, UNIOS Vladimir Ivezić
Contact	Vladimir Ivezić vivezic@fazos.hr
Status of the document	final

AGENDA

Guest lecture

Thursday 7th November 2024

13:30 – 14:20 h dr.sc. Jelena Lazarević "Mycorrhization of forest tree seedlings with native fungi - importance and application in agroforestry"

Participants from partner institutions - University of Belgrade Faculty of Forestry, Serbia (UB); University of Forestry from Sofia, Bulgaria (UFS); Faculty of Agrobiotechnical Sciences Osijek, Josip Juraj Strossmayer University of Osijek (UNIOS), Croatia (CFRI) and University of Montenegro Biotechnical faculty (UOM) were present at the lecture (9 participants). In addition, 23 students from the Faculty of Agrobiotechnical Sciences Osijek, second year of the bachelor study program "Plant production" as well as two Master students from Faculty of Agrobiotechnical Sciences Osijek and five ERASMUS students attended the lecture. The list of attendees that were on site is attached below.

The guest lecture of the project *Agroforestry practices on West Balkan: weaknesses and strengths – AGFORWEB* was held on Thursday, November 7th, 2024. The information on the guest lecture was posted on the official website of the Faculty of Agrobiotechnical Sciences Osijek and on Social media (Facebook, LinkedIn).

The lecture started at 13:30. dr.sc. Jelena Lazarević held the lecture titled "Mycorrhization of forest tree seedlings with native fungi - importance and application in agroforestry". Dr.sc. Jelena Lazarević described the most common forsts and trees of the region and presented the practice of mycorrhization of forest tree seedlings with native fungi.

The lecture ended with questions and discussion at 14:20

Attendance List

Lecture 3. - 07.11.2024

dr.sc. Jelena Lazarević "Mycorrhization of forest tree seedlings with native
and application in agroforestry"
