08:45 – 09:00 h	Registration of participants
09:00 - 11:00 h	Consultations and discussion regarding WP5 activities (dr Dijana Vuletić)
	Discussion and closing the meeting

Participants from 5 partner institutions - University of Belgrade Faculty of Forestry, Serbia (UB); University of Forestry from Sofia, Bulgaria (UFS); Faculty of Agrobiotechnical Sciences Osijek, Josip Juraj Strossmayer University of Osijek (UNIOS), Croatian Forest Research Institute, Croatia (CFRI) and University of Montenegro Biotechnical faculty (UOM) were present at the meeting (21 participants). The list of attendees is attached below.

The Quality Assurance Committee meeting of the project *Agroforestry practices on West Balkan: weaknesses and strengths* – **AGFORWEB** was held on Friday, October 27<sup>th</sup>, 2023. The information on holding the meeting was posted on the official website of the Faculty of Agrobiotechnical Sciences Osijek and Social media (Facebook, LinkedIn).

The Quality Assurance Committee meeting started at 9:00 h. The meeting was opened by dr Dijana Vuletić from the Croatian Forest Research Institute from Jastrebarsko, Croatia (CFRI). Dr Vuletić presented the developments and activities in WP5 – Quality. The progress of the activities with the following main outputs was:

- Project website is launched.
- Questioners for the local community and students were developed and discussed during the meeting.
- Option for publication of scientific papers in SEEFOR journal (cited in WoS) was proposed as well as the articles in popular literature.
- The dissemination plan needs to be adjusted according to our plans. Next conference on Agroforestry is taking place in Brno in May 2024 and some of the participants are planning to attend as it is one of the most important conferences on European Agroforestry.
- The discussion was raised on should all of the information from the database be publicly available since some of the information is sensitive. It is the general opinion of all the participants that not all should be available at least not without the farmers permission.
- The first workshop for the local community was held in Istria, Croatia and the guide for farmers was distributed to all of the partners so the workshops could be organized.

The QAC meeting ended at 11:00. The next QAC meeting has been scheduled for April in Istria, Croatia.

The information on this event is available on the project official website <https://agforweb.org/>
